

1. Top12 reinforcing steel with enhanced corrosion resistance

Product-neutral tender text

(D = 8-14 mm) Stainless, hot-rolled reinforcing steel B500B NR with material number 1.4003 or higher grade

(D = 16-28 mm) Stainless, hot-rolled reinforcing steel B670B NR with material number 1.4003 or higher grade

1. Top12 reinforcing steel with enhanced corrosion resistance

Product-specific tender text

(D = 8-14 mm) Stainless, hot-rolled reinforcing steel bar Top12 from Steeltec (B500B NR) with material no. 1.4003, $C_{crit} \geq 2.3 \text{ M.-%/z}$, modulus of elasticity $\geq 210 \text{ GPa}$ or higher grade

(D = 16-28 mm) Stainless, hot-rolled reinforcing steel bar Top12 from Steeltec (B670B NR) with material no. 1.4003, $C_{crit} \geq 2.3 \text{ M.-%/z}$, modulus of elasticity $\geq 210 \text{ GPa}$ or higher grade
